ABC Posts Suspension at La Oficina Bar

(San Francisco, CA) - On April 5, 2018, Agents of the California Department of Alcoholic Beverage Control (ABC) posted a notice of indefinite suspension at La Oficina Bar, located at 4234 Mission Street in San Francisco, California.

The suspension comes as a result of a six-month long investigation by Department undercover agents into illegal narcotics activity occurring at the premises. Ultimately, an accusation was filed by the Department alleging the business permitted the sales and purchases of narcotics inside the licensed premises. Additionally, the business was found to have engaged in refilling bottles of alcoholic beverages from alcohol purchased at other retail establishments; and also had owners who were not disclosed to or approved by the Department.

Under the terms of a decision set forth by the Department, the license has been ordered permanently revoked. However, the revocation will be stayed for a period of 180 days to allow the license to transfer to persons deemed acceptable by the Department. Relatives and members of the licensees' immediate family and persons related to the licensee(s) by blood or marriage will not be considered as acceptable licensee applicants.

The license will remain suspended until the license is transferred or is permanently revoked.

ABC is a department of the Business, Consumer Services and Housing Agency.
